EDUCATION

Bachelor of Engineering : Deogiri Institute Of Engineering And Management Studies	Expected 2026

Dr.Babasaheb Ambedkar Technological University,Lonere-402103 Tal- Mangaon,
Dist- Raigad (M.S.) India. - Computer Science

2019 - 2021

Shiv Sharda Public school , Shivaji Nagar Gadhi

SKILLS

Languages	HTML, CSS, JavaScript, Java, Python, SQL
Frameworks/Libraries	React Native,Bootstrap, Node.js
	Bootstrap, Node.js,
Databases	MongoDB, MySQL, SQLite
Platforms/Tools	Firebase, Supabase, Git & GitHub, Figma

PROJECTS

Parental Control App (React Native)
> GitHub: github.com/krushna5000/parentalcontrol
> Developed a mobile application using React Native to help parents
> monitor and manage children's screen time and app usage. Implemented
> features such as app restrictions, activity tracking, and parental
> notifications.

> Integrated Firebase for authentication and real-time data storage.
> Optimized UI/UX for a seamless user experience across Android and iOS
> devices.

First Project (HTML, CSS)
> GitHub: github.com/krushna5000/First-Project
> Designed and developed a static website using HTML and CSS.
> Created responsive layouts to ensure compatibility across different
> screen sizes.
> Applied modern CSS techniques, including Flexbox and Grid, for an
> intuitive design.
> Improved website performance and accessibility following best practices.

EXPERIENCE

Built full-stack apps using Java, React Native, and Python with real-time backend via Supabase and MySQL.

Designed responsive UIs with HTML, CSS, Bootstrap, and prototyped interfaces in Figma.

Wrote optimized SQL queries for data handling and reporting.

Managed code with Git and GitHub, using branches and pull requests.

Integrated REST APIs and handled state with React Hooks and Context API.

Tech Used: Java, React Native, Supabase, SQL, Git, GitHub, HTML, CSS, Python, MySQL, Bootstrap, Figma
